Introductions

Programming and Ideas
  ○ Tolkien Exhibit Private Tour- April 15th, 11am at the Morgan Library
    Sam discussed about signing up for private tour, possibly will have extra spaces available for guests.
  ○ Archives Chat with Michelle Novak
    Michelle provided her Speaking CV, with descriptions of talks she has given. Most have been about genealogy, some about digitization, some about personal archiving. We were thinking of asking her to give a talk about genealogy/genealogy for archivists, so that we can better help patrons.
  ○ Annual Report for Spring 2019: If you have anything to add, please do so soon.
  ○ Stephanie brought up the fact that SOURCE has a Twitter account and that it has been relatively inactive since Fall 2017. We could reactivate it as a way to interact with archives/library twitter. Stephanie is SNAP social media coordinator, and trades off the responsibility of tweeting and retweeting with one other person. 2 weeks on, 2 weeks off, which is something we could possibly do as well. We will think about it.
  ○ Sam and Stephanie and one other SCI student named Elizabeth are going to MARAC. Sam gave a quick update about it, we are getting money from SCI to reimburse us for registration fees. This is something we could pursue also in future semesters.
  ○ Stephanie suggested having a poll about who is considering going to SAA in Austin this year.

● Elections for Fall 2019
   President
   Secretary
